## TEKNA - TECHNICAL DATASHEET

### ANTICALCARE LAVATRICE TABS

**TEKNA ANTICALCARE LAVATRICE TRIPLE ACTION TABS** are easy to use, effective at all temperatures and dissolve completely in water during washing. The practical single-serving format avoids product waste, respecting the environment.

The high concentration of citric acid makes the laundry softer and decreases the hardness of the water, increasing the washing power of the detergents. Formulated with descaling and anti-scaling agents, they prevent the formation of limescale on the drum and coils, maintaining the efficiency of the washing machine.

Used together with all types of detergents and for all fabrics, they help to eliminate the accumulation of dirt and detergent that contribute to the formation of unpleasant odors.

**WASHING MACHINE ANTISCALE  
TRIPLE ACTION TABS  
PROTECTS THE WASHING MACHINE  
FROM LIMESCALE, DIRTY, BAD SMELLS**

#### INSTRUCTIONS FOR USE

Remove the protective wrapping from the tablet and insert it into the main compartment of the washing machine. Select the desired wash cycle and start.  
1 tab is sufficient whatever water condition.

#### PACKAGING

|                |                    |                      |
|----------------|--------------------|----------------------|
| Internal code: | Primary packaging: | Secondary packaging: |
| K035           | 50 tabs (800 g)    | Box of 12 x 50 tabs  |

|               |                |                        |                           |
|---------------|----------------|------------------------|---------------------------|
| Barcode       | ITF            | Box size (cm)          | Pallet composition        |
| 8009110026285 | 18009110026282 | 39 l x 38,5 p x 18,5 h | 60 boxes (10 levels of 6) |

All primary packaging is according to the specifications provided by the Pharmacopoeia. The materials do not contain allergens and are perfectly compatible with all components of the formulation.
